Dissertation and Project Workshop

26 July 2007

Dissertation/Project Information Workshop

This interactive Workshop is designed to prepare and support those MPH students eligible to embark on their dissertation in the year 2008. Also the project option for the Coursework Masters will be discussed as well as the pathway to higher degrees.

A range of presenters will provide practical guidance in how to identify, develop and undertake your dissertation or small project.

MPH academic staff will discuss aspects of the dissertation /project requirements and processes.

A student's perspective will be provided by a past student.

Various resources will also be provided on the day to assist you, including potential dissertation and project topics.

Potential academic supervisors and industry associate supervisors are invited to attend.

Workshop Program

1.00-1.30 pm	Lunch
1.30-1.40pm	Welcome and introduction <i>Professor Don Stewart, Director, QCPH</i>
1.40-2.10pm	Supervision & other resources How to choose your topic <i>Professor Don Stewart</i>
